

OBJECTIVES

The main objective is to set up a Network of Vocational Education and Training Centres (VETCs) for CEECs which will assess the following issues:

organise reference materials, training programmes, short courses, open and distance vocational training, workshops, create CD-Roms for information dissemination, establish exchanges between professionals within the CEECs and the EU partners that will enhance and sustain a permanent improvement of quality assurance and quality control in the food industry in CEECs.

it will disseminate the experiences and associated manual (Food Quality Management Network for CEECs/ Phare programme 028-028/71) to contribute to the transparency of Quality Management in VETCs.

it will develop a QMN (Quality Management Network) responding to the real needs of workers, trainers, designers and managers of SMEs in the food industry which will bring together universities, research institutes, producers in the food chain (SMEs) and consumer associations, comprising the infrastructure for further dissemination. Other CEECs would be encouraged to join freely in the outputs developed.

it will incorporate exchange of professional expertise, training of food industry employees, trainers, teachers, undergraduate and graduate students, designers and quality managers of SMEs and LEs, exchange of undergraduate and graduate students, food industry employees, teachers, auditing and evaluation related to EU bodies

it will establish databases on food legislation and QMS (Quality Management Systems) implementation, accreditation and validation in CEECs, for analyses concerning the quality and safety of products and processes.
